

DRAFT PROGRAMME AND AGENDA
JTFM Stakeholder Consultation
Virtual, MS Teams
Tuesday, 17 October 2023, 10h00 – 12h00

The Presidential Climate Commission (PCC) will be hosting a broader stakeholder consultation on the work done towards the recommendation for a Just Transition Financing Mechanism (JTFM).

At this consultation, we aim to discuss the urgency of raising finance for the just transition. We will highlight the challenges and barriers that currently undermine financial flows toward the just transition and considers how a dedicated just transition financing facility can help to overcome these challenges.

This consultation is an open discussion with our broad stakeholder groups, and we will welcome feedback from everyone with the intention to input those into our final iteration of the PCC JTFM recommendation report.

No.	Time	Item	Presenter
